House Rules

During the conference, we exercise the house rules on all event premises.

Photography, Sketching, Film and Audio Recordings

In some rooms it is not allowed to use cameras or recording. Please mind the signs. Professional photography, filming, drawing or audio recording require prior permission in written form. If this is violated, we reserve the right to withdraw the entry ticket, to ban the perpetrator or to confiscate the recordings and destroy them.

FMX employs a professional photographer and camera crew and reserves the right to use all images that these people take during the conference for publication and promotion of future FMX events.

By way of precaution, we exclude our liability for damages, as well as that of our agents or subcontractors. The regulations of the product liability law remain unaffected. The organizer is only liable for bodily injury or health impairment if such is caused by deliberate or gross negligence by the organizer or culpable injury of a substantial contract obligation by us or our executing aides. Each adhesion going beyond it is excluded.
